Koogeek

INTRODUCTION

Koogeek is a self-designed brand with independent research.

Koogeek smart home products belong to Internet of Things (IoT) field and aim at developing environmentally friendly wireless technology. Among Apple HomeKit partners, Koogeek is the 2nd partner in China, the 17th partner in the world.

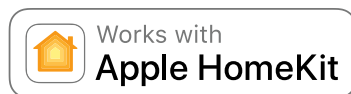

Koogeek smart health products belong to IoT field. They can help realize telemedicine and better self-manage people's healthcare through Cloud Services. Furthermore, they can help enhance the sharing of medical resources and reduce public medical costs.
